AMERI-WEST INDIAN SOCIETY  
We create christian leaders

**Bereavement**  
Ministry

Bereavement can be a difficult time in someone's life and we do not want you to go through it alone. That is the reason why we have created a ministry for that purpose.

Ameri-westindian Society has a variety of ministries all with the common purpose of helping the community and beyond.

Bereavement is the period of time you grief and mourn after the death of someone close to you. Grief can come as an emotional, physical social or mental response. We help you get through the process using trusted ministry leaders. Ameri-westindian Society is a non-profit organization that helps people around the world through a variety of ministries.

When someone you love passes on just know that they are in a place far better than better than here. Also know that you are not alone and that you have a support system.
